MM Docket No. 97-232
RM-9191

Released: November 14, 1997

Reply Date: January 20, 1998

1. Before the Commission for consideration is a petition for rule making filed by William G. Brady d/b/a KHJ Radio ("Brady"), requesting the allotment of Channel 228C3 at Eureka, Montana, as that community's first local FM broadcast service. Brady stated his intention to file an application for Channel 228C3 at Eureka.

2. In support of his request, Brady states that the allotment of Channel 228C3 at Eureka will provide a much needed local broadcast service to the community. Brady points out that the closest FM allotment to Eureka is located in Whitefish, Montana, which is 52 miles from Eureka. According to Brady, allotment of an FM channel at Eureka would provide the community and surrounding area with information during emergency conditions caused by severe weather as well as an outlet for local expression. Brady states that Eureka has the recognizable community factors such as schools, churches, a local newspaper, a shopping center and social and civic organizations. Further, Eureka is incorporated, has its own post office and zip code and the 1990 Census credits the community with a population of 1,043 people. Therefore, Brady believes that Eureka has the necessary criteria to demonstrate that it is a community for allotment purposes.

3. A staff review of the proposal reveals that Channel 228C3 can be allotted to Eureka, Montana, consistent with the minimum distance separation requirements of the Commission's Rules without a site restriction.¹ Although it is not necessary to site restrict the allotment, our analysis indicates that Channel 228C3 at Eureka is short spaced to vacant Channel 226C,

¹ The coordinates for Channel 228C3 at Eureka, Montana, are 48-52-54 and 115-02-54.

Cranbrook, British Columbia, Canada. Therefore, we will request concurrence from the Canadian government for the allotment of Channel 228C3 at Eureka as a specially negotiated short-spaced allotment.

4. We believe the public interest would be served by proposing the allotment of Channel 228C3 at Eureka, Montana. Therefore, we will seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Eureka, as follows:

Community	Channel No.	
	Present	Proposed
Eureka, Montana	-----	228C3

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.
